

Relevant **ANYTIME** Programs

SmartLine & SwitchLine Anytime

Through our **SmartLine** and **SwitchLine Anytime** programs, Relevant Industrial houses over \$1 million of Honeywell transmitters and United Electric switches in inventory. This gives us the capability to assemble over two million different configurations. On top of offering custom solutions, our **Anytime** programs are designed for accelerated delivery.

Relevant employs factory-trained, certified technical support personnel ready to accommodate your custom and time sensitive requests. Our commitment to quality is shown through NIST Traceable Calibrations on measurement and control products, pressure switches and gauges. Additionally, we are equipped to test instrumentation in an environmental chamber with temperatures from 5° to 185° F ensuring that the product perform in the toughest environments.

Relevant offers a little something extra...

- In-house expertise to evaluate, design and recommend configurations
- Emergency 24 - 48 hour turnaround available for most transmitters; including remote seal
- Pick-up and delivery services available to Houston and Gulf Coast areas
- Contact us 24 hours a day, 7 days a week

Remote Diaphragm Seals & Related Material in Stock

- Flange sizes - ANSI 1", 2", 3" 150#, 300#, 600# raised faced
- Threaded sizes - 1/2" NPT, 3/4" NPT, 1" NPT
- Wetted materials - 316LSS, Hastelloy C-276, Tantalum, Zirconium
- Capillaries stocked in 5 ft. increments - 5 ft. - 40 ft.
- Flushing rings stocked in 2" and 3" ANSI flange sizes
- Available fill fluids:
 - *Silicone Fluids - Dow Corning 200, 704, 705, 710, Dow Syltherm 800 and Syltherm XLT*
 - *Inert Fluids - Halocarbon 6.3, 0.8, Fluorolube, Dupont Krytox*

Honeywell

Field Measurement

- Pressure Transmitters
- Multi-Variable Transmitters
- Wireless Transmitters
- Temperature Transmitters
- Flange Mounted Level Transmitters

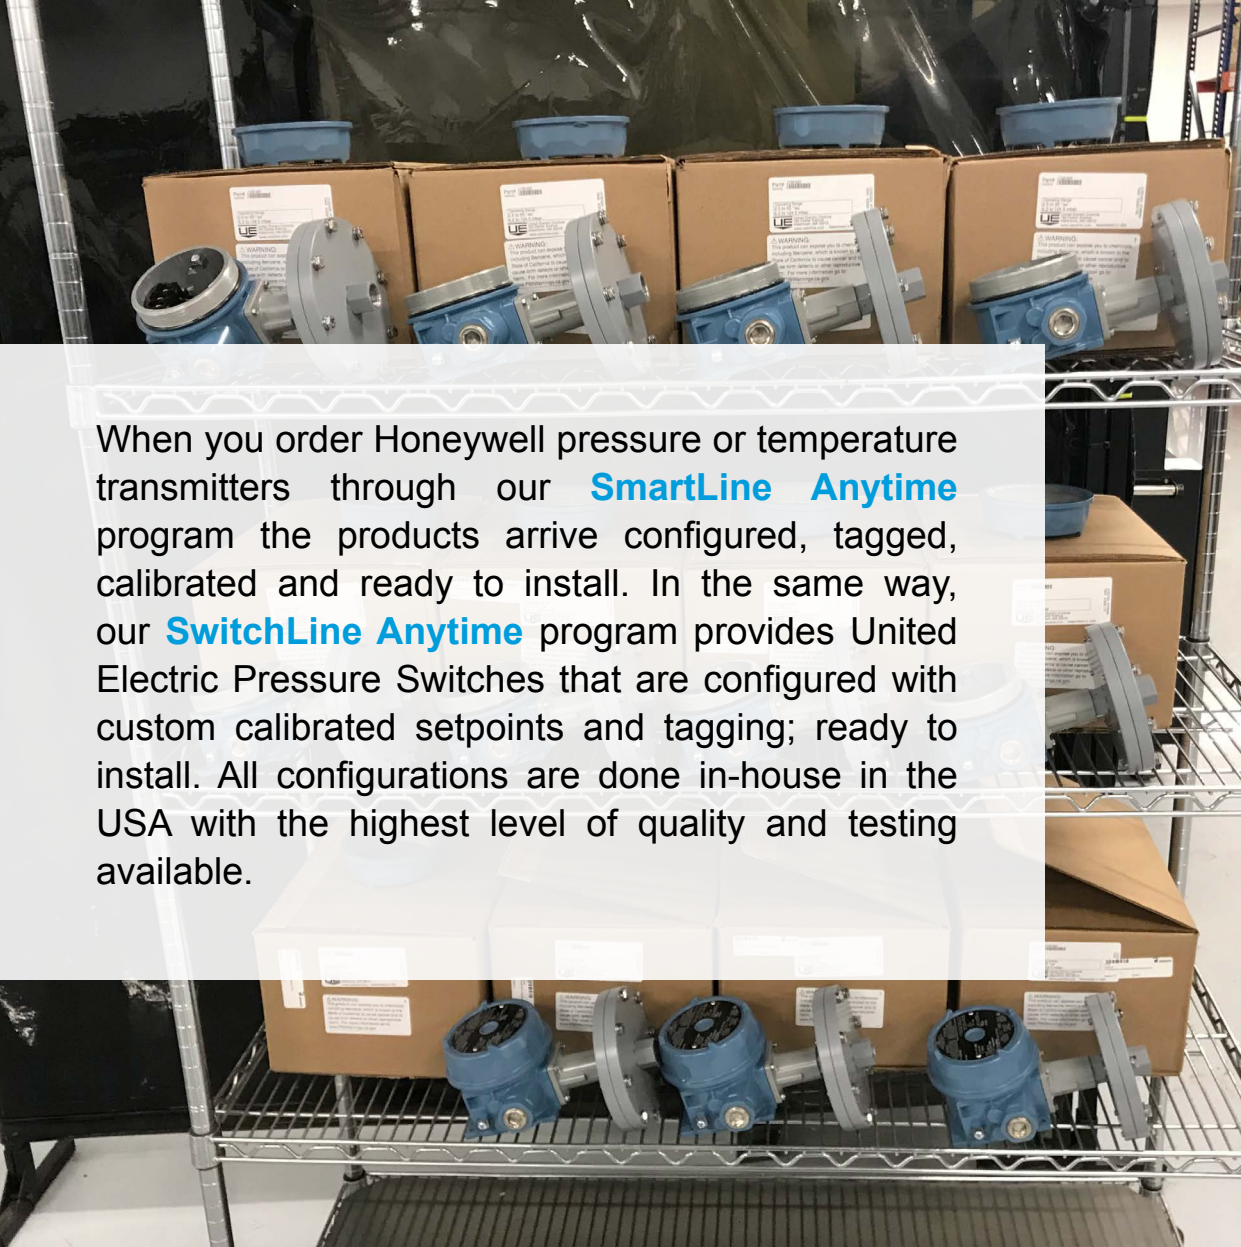

Pressure Switches

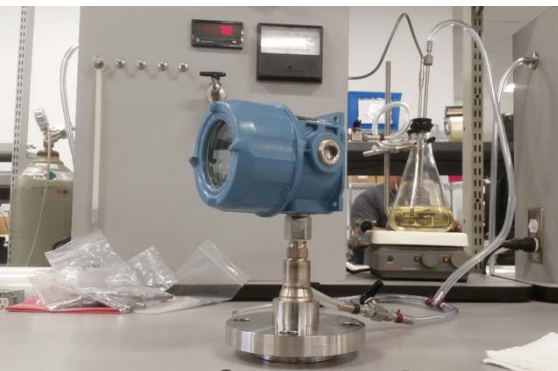

- Optional Remote Diaphragm Seals
- One Series Smart Transmitter Switch
- J120 Series Pressure Switch
